

QUICK START GUIDE: FOR MENTEES

Here's what you need to know before getting started...

THE NEED FOR A MENTOR

If you're at a point in your career or business journey where you are embarking on a new challenge or setting yourself a new goal, then now could be a good time to enlist the support of a Mentor. Someone who can advise, share experience, challenge your thinking and hold you accountable.

A Mentor is not someone who can give you all the answers, they are not a coach or a manager.

THE EXPECTATION

Each mentoring period is expected to last around 6 months. We advise meeting once a month for one hour. As the Mentee you will be expected to drive the relationship by arranging the meetings and updating documents.

The mentoring period can be longer or shorter depending on your needs and the Mentor's capacity but we advise no shorter than three months and no longer than 12).

STARTING YOUR SEARCH

To start your search for a Mentor, you will need to join or login to GlobalWelsh Connect. Ensure that you have a Pioneer or Pathfinder membership (head to the Memberships section to check/upgrade) which will give you access to the MyMentor section. There you will be able to browse and search all available Mentors based on location, skills, mentoring type...

Before sending a match request to a Mentor it is important that you have read the Guide for Mentees carefully and that your Connect profile is complete and up to date.

New Mentors can enrol onto the programme anytime, so be sure to keep checking in if you don't find a match straight away.
